

Application for Academic Extension

ACADEMIC EXTENSION PROGRAM

Armadale Senior High School (ASHS) provides students with a range of opportunities. To ensure students at ASHS continue to excel and fulfil their potential, we offer an Academic Extension Program.

The purpose of the ASHS Academic Extension Program is to further develop the skills of students by providing an environment in which like-minded, high achieving students extend their learning across all learning areas. The Academic Extension Program provides challenges where students can work with peers who share similar interests, aspirations and abilities.

An appropriately challenging curriculum for each student is the goal hence the program including enrichment and extension activities.

Enrichment broadens the range of experiences for students and encourages expansion of knowledge and skills whilst **extension** deepens the students' knowledge, understanding and skills.
